

# Progression to Higher Order Thinking

## The Way, the Truth & the Life Series

### 5.1. Creation

Judge, construct case for or against, invent, predict, plan, assess, interpret, negotiation	Evaluate	“Science contradicts religion.” Discuss. <i>(See footnote*)</i>
Select, decide, give informed opinions, conclude, debate, discuss, recommend, rate, reason, contrast	Justify opinions	A true Christian cannot ignore the needs of others. What do you think? Give reasons for your opinion.
Analyse, explain, investigate, compare, demonstrate, adapt	Analyse	Think about co-creators and de-creators. Why is it very important for us to be aware of the consequences of our actions?
Compare, solve, show, use, illustrate, complete, classify, explain, demonstrate	Apply/Use your knowledge	Are we completely free to do what we like? Think deeply and give reasons for your answer.
Summarise, outline, interpret compare, reword, describe, give an example	Understand	What is the difference between scientific and theological truths?
State, name, list, describe, label, recall	Know	What is the story of the Fall in Genesis?
Repeat, label, recognise, imitate, talk about own experience	Recall	Look at the picture on page 8. What does it tell you?

\* **EVALUATE:** a) Say what you think and why. b) Give a different point of view and say why some people hold it. c) Say why you disagree with it. d) Quote some source of evidence.
