

## All Saints' Day And All Souls' Day

**Saint** comes from the Latin word 'S \_\_\_\_\_', meaning holy. Every person is called by God to be holy. To be holy means to live for God and for others. God alone knows how many saints there are. Sometimes, the Church c \_\_\_\_\_ a person as a saint to give a good e \_\_\_\_\_ of holiness to others. Saints can p \_\_\_\_\_ for us. As f \_\_\_\_\_ of God, they can i \_\_\_\_\_ for people on earth. All Saints' Day is on \_\_\_\_\_.

In life, the grace of God is given to every person so that they can learn to replace selfishness by s \_\_\_\_\_. Unfortunately, people may not completely r \_\_\_\_\_ to the grace given. They may die without finishing the inner journey from self through o \_\_\_\_\_ to God. After death, this journey continues as p \_\_\_\_\_, which p \_\_\_\_\_ the soul and makes it ready for the joys of h \_\_\_\_\_. The Holy Souls can pray for us; they can also be helped by our p \_\_\_\_\_. All Souls' Day is on \_\_\_\_\_.
