

WITNESS - TO LOVE

Witnesses are people who stand out

Because they are not afraid to stand up.

People who outreach others

Because they reach out to others;

People who lift them up

Because they bend down to their weakness.

People whose hearts have grown great

Because they have learned to be small.

Witnesses are all this and more:

They are the people who walk across the wastelands of human lives
and uncover hidden openings,

People who open windows everywhere

to sunlight and spring time fragrance of the Risen Lord.

And passing through the door of self-filled hearts

They light and leave behind an everlasting flame.

Ultimately, witnesses are people who do all these things and more

Because they are not afraid

TO LOVE.
